

Commercial robotic vacuum cleaner

Use individually or as a fleet

HOTELS / COMMERCIAL / OFFICE

Genius[®]
Swift

Revamp your cleaning routine with the Genius® Swift! Effortlessly tackling mundane, labour-intensive tasks, allowing you to concentrate on impactful touch-point and deep-cleaning work.

Features & Benefits

Tool-free Maintenance

Easily maintain your Swift without tools. Access filters, brushes and filters for quick maintenance.

Safety and Precision

Built-in sensors make safety a top priority, anti-fall and proximity sensors ensure safe and quick operation.

Pair with Base

Base charging station is the ideal companion to the Swift. Base is ideal for the asset management of large fleets of robots. Its Patented system lets you store, charge and transport six robots simultaneously.

Clean with Confidence

Setup cleaning schedules and track cleaning performance through the app.

Automation Magic

One-touch go or scheduled cleaning, your Swift will auto-recharge and return to clean until complete.
