

Sprint by Genius®

.....*Sprint* UV4

The Sprint UV4 is a powerful cordless vacuum designed for professional cleaning environments where flexibility, efficiency and performance are essential. Combining advanced digital motor technology with a lightweight design, this versatile machine delivers outstanding cleaning results across carpets, hard floors and upholstery.

Features & Benefits

Cordless freedom, professional performance

Powered by a high-performance 36V lithium-ion battery, the Sprint UV4 provides up to 60 minutes of cordless runtime, allowing operators to clean freely without the restrictions of power cables.

UV4 Specifications

Weight with battery	5kg
Working width - vacuum/brush	290mm
Working capacity (approx)	520m ² /h
Bag capacity	3L
Voltage	36V DC
Suction motor	340W
Filtration	HEPA H13
Battery charger	41V DC - 4A
Runtime / min / med / max	60 / 50 / 40min
Recharging time	90min
Noise level / min / med / max	62 / 63 / 65db
Electronic overload control	Standard
On board tools	Standard
Full bag / over temperature	Auto cut off
Battery check with charge level indicator	Standard
Dimensions	290 X 180 X 1230mm

*Dimensions L | W | H

Advanced filtration technology

The integrated multi-stage filtration system captures fine dust and allergens, helping to maintain cleaner indoor air. A HEPA H13 filter captures up to 99.97% of particles as small as 0.3 microns, making the machine suitable for sensitive environments where air quality matters.

High-efficiency digital motor

At the core is a powerful brushless digital motor, engineered for strong suction performance with lower energy consumption. Multiple power settings allow the operator to adjust performance to suit different surfaces and cleaning tasks.

Suitable for a wide range of environments, including offices, hospitality spaces, healthcare facilities and retail areas.

Included equipment:

- Telescopic wand
- Stretch hose
- Crevice tool
- Rotating brush tool
- Universal floor nozzle
